

Collar That Dog

The law requires that you pay a tax on your dog and that the registry number be worn on the collar, and if you do not attend to this little matter the dog catcher will give your pet a ride in his wagon and there will soon be no more "dog days" for that pup.

When you pay your tax it should mean a new Collar, for any good dog is worth one new collar a year. We have a large stock of Collars and can fit your dog and your purse at the same time. We also have collar Locks, Chains, Dog Biscuits, and a full line of Glovers Dog Remedies.

HERE'S THE BILL

In the House of Representatives, December 15, 1905.
Mr. Kallanmaole introduced the following bill, which was referred to the Committee on the Territories and ordered to be printed.

A BILL

To set aside certain Federal revenues from the Territory of Hawaii, and for other purposes.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and he is hereby, authorized and directed to set aside and hold apart as a separate fund seventy-five per centum of the Federal customs and internal revenues collected within the Territory of Hawaii for a period of twenty years from the first day of July, nineteen hundred and five, such fund to be held for expenditure only for Federal public works and public educational buildings within the Territory of Hawaii and shall be expended by the Secretary of the Treasury only upon specific appropriations made by the Congress.

WRITING UP HAWAII FOR R. R. FOLDER

Edwin D. Whitney, advertising man for the Michigan Central, accompanied by his family, visited the Pali yesterday. Mr. Whitney is fascinated with Hawaii and is a great admirer of the city. Mr. Whitney's headquarters are in Chicago. This is his first visit to the Islands.

When traveling people often read the folders and advertisements issued by the railroads at great expense and wonder who writes all the descriptive articles. Mr. Whitney is the man who gets up this literature for the Michigan Central.

The purpose of his visit here is to include a write-up of Hawaii and Honolulu in the Pacific Coast folder to be issued next year by the Central. This folder is devoted entirely to reading matter relative to the Pacific Coast and the numerous places of interest. Hawaii has been mentioned before, but not as extensively as it will be after Mr. Whitney finishes his work.

These Pacific Coast folders are distributed all over the country—principally in the East. People naturally wonder why the Michigan Central gets up Western advertising matter when the road itself does not extend west of Chicago.

Eastern people are always going west on pleasure or business trips and figuring where to go, and over which road. Naturally literature concerning that part of the country is interesting to them. From reading Mr. Whitney's folders it is more than likely that the road will get its share of the business.

And in addition their agents sell the tickets through to the Coast or wherever the traveler may wish to go, and accommodates another road out of Chicago. The company carrying the passenger beyond the Michigan Central's lines will reciprocate the business received from the Eastern line and thus do the different roads work together.

The more people come west the larger business the Michigan Central will do. And the extensive western advertising matter is bound to increase the travel and is issued for this reason.

Mr. Whitney carries a camera and is taking pictures here of different places of interest about the Islands. These will be used to illustrate his descriptive articles of the wonderful climate and scenery of Hawaii. Mr. Whitney has been with the Michigan Central for years and is well known in the United States as an advertising man and for his ability to get up at attractive literature. He is stopping at the Royal Hawaiian Hotel.

PACIFIC MAIL MONOPOLY.

Panama, Dec. 10.—An agent of the Panama railroad has made the official announcement that his company will accept freight from the Central American countries on the Pacific side from any steamer. The new order goes into effect today and marks the end of the Pacific Mail monopoly. This will mean a big increase in the coastwise trade and German steamers probably will go into the trade, resulting in a great increase of the Panama Railroad freight traffic and saving a trip around the Horn.

Father James left today on the Mauna Loa for Maui.

Father Thomas left for Lahaina at noon today.

Wind—6 a. m., velocity 9, direction E; 8 a. m., velocity 12, direction NE; 10 a. m., velocity 11, direction E; noon velocity 10, direction E.

Rainfall during 24 hours ended 8 a. m., .05 inch.
Total wind movement during 24 hours ended at noon, 253 miles.

ALEX. McC. ASHLEY, Section Director, U. S. Weather Bureau.

BICKNELL REFUSES

(Continued from Page 1.)
once to communicate with all members who could be reached to attend the meeting.

In this connection it will be remembered that the Supreme Court in the matter of the Andrew Adams case decided that just such a specially called meeting was illegal and void, the rules of the Board calling for the elapse of a certain time after the call of the chair before the meeting can be held.

Another question in regard to the present blanket warrants which the Auditor refuses to issue is whether, even after the Board has authorized the issuance of the warrants to Sam Johnson, the Treasurer will consent to cash them, since the warrants differ materially from the Andrew Adams warrant, which was declared proper by the Supreme Court. It is understood to be the intention to authorize the issuance of the blanket warrants to Johnson at this afternoon's meeting of the Board. Then, the Auditor being protected, it is up to the Treasurer to say whether or not he will cash them.

In the meanwhile it has been suggested that individual warrants be made out to the employees of the road and garbage departments, that the men may get their pay tomorrow morning. This suggestion meets with the objection of the road committee. If it is not carried out, however, the men may not receive their pay until next year.

The present blanket warrants differ from the Andrew Adams proposition in that the latter was in the nature of an assignment, the signatures of each beneficiary appearing on the warrant, each man assigning his pay to Andrew Adams so that Adams could receive the money and then turn it over to each man named in the warrant. In the present warrants the names of each individual beneficiary appears but the amounts with which they are credited are not recited or assigned, so that the blanket warrants are merely orders to pay a certain lump sum to Sam Johnson.

Some of the members of the Board of Supervisors are not in town today and it may be difficult to secure a quorum; even if a quorum is obtained, it is said, the meeting will be void and any action resulting illegal.
